

# SEED COLLECTION

The Seed Collection has been cleverly designed as a meeting hub for collaborative environments. The collection consists of 4 quarters that can be separated and reconfigured to suit both small and large discussions groups. The Seed collection is available in both 1800 dia and 3000 dia tables with 8 and 16 seeds respectively. A centre round ottoman can be added to the collection allowing for additional seating.

Innovative design  
Hand crafted product  
Versatile and functional
